

JibWorks

Koonce Film & Video, Inc.

Jib Arm Operator & Jib Rentals for the Motion Picture & Television Industry

Biography

Mark Koonce has specialized in jib arms for over 20 years. Customized equipment and fully suited truck positions Mark and JibWorks to meet the demands of film and television production. Mark Koonce was the first Jib Operator in California to own and operate the 18' reach Stanton Jimmy Jib. Since then Mark has kept up the pace in providing clients with the most complete jib package in Southern California. Mark also has extensive experience in other remote heads and robotic camera systems such as the Furio Robotic Dolly and Cambot Robotic Camera System both parent companies recently purchased by Ross, as well as the MAT TowerCam System.

Equipment

Jimmy Jib Triangle 6' to 40' reach / third axis dutch head / HD-Film Cinema Lens accessories including 2 channels wireless lens controls. DV Camera controls for all popular HD and SD mini DV camera / JibWorks customized self leveling E-GatorCam and AT-GatorCam. Visit www.jibworks.com for a more complete list of accessories.
